## About Physis

**Physis Learning Academy (PLA) - Faculty of Health Sciences** is created for individuals from healthcare science who seeks to transform them in specialized career choices. We offer best-in-class interactive certificate (diploma) training courses into various health science domains for students, faculties, physicians, industry professionals in the field of clinical research, clinical data management, pharmacovigilance, medical writing etc.

## Our Experience

Our team has a cumulative rich experience of more than 30 years into various domains of healthcare science education and training more than 6000 candidates. Over these past few years, we have closely understood the gap between the industry requirements and lack in the opportunities and knowledge of a candidate for a brighter future.

Our dynamic training faculty and coordinators are passionate to bring a major difference in your career by sharing their experience, thoughts and opportunities in form of specialized courses.

## Our Advantages

Our unique blend of experience offers an inherent advantages to our training participants right from their enrollment till placements by supporting them in following ways:

Quality  
Curriculum  
designed by  
Industry Experts

Smooth  
Enrollment  
&  
Completion

Jobs Oriented  
Courses

100%  
Placement  
Assistance

Secured Payment  
and  
Pay-in-Installment  
Option

Networking  
with  
Industry Mentors

Economical  
Course  
Fee

Easy and Flexible  
Mode of Learning

## Dual Certifications

**01** Dual Certification in Clinical Research and Clinical Data Management (DCCRCDM)

**02** Dual Certification in Clinical Research and Pharmacovigilance (DCCRPV)

**03** Dual Certification in Clinical Research and Medical Writing (DCCRMW)

# 01

## Dual Certification in Clinical Research and Clinical Data Management (DCCRCDM)

### Course Overview

With the globalization of clinical research and advancement in technologies clinical research and clinical data management are the two major growing sectors over the past 5 to 7 years. When the worth of global clinical research market has reached to US\$ 64 billion with more than 155000 trials till date, clinical data management is also predicted to reach US\$ 1.37 billion in 2015

Low cost, higher recruitment rate, sound infrastructure, large population size, qualified professionals are the driving factors to shift the focus of clinical research and clinical data management towards countries like India, China, Brazil, Russia etc. India is expected to conduct 5% of clinical trial (currently 2600+ trials) and worth of clinical data management is estimated to US\$60 million. This tremendous growth has resulted in requirement of large number of trained and qualified manpower from health sciences domain.

### DCCRCDM Curriculum

#### MODULE 1

- Introduction to CR & Pharmaceutical Medicine
- Ethics in Clinical Research
- Roles & Responsibilities of Clinical Research Personnel
- Clinical Trial Monitoring
- Guidelines and Regulations associated with CR
- Essential Clinical Trial Documents
- Importance of Informed Consent Documentation
- Importance of Safety Reporting
- Laboratory Data & AE Management
- Recent Trends in Clinical Research
- Careers in Clinical Research

#### MODULE 2

- Clinical Data Management and Clinical Information Flow
- Roles & Responsibilities of CDM Personnel
- Guidelines Associated with CDM
- Data Management Plan
- CRF Designing
- Data Entry, Collection, cleaning and validation
- Study Setup & Database Designing
- Laboratory Data & AE Management
- Report Creation & Data Closure
- Data Archiving, Privacy & Security

**Assignments:** MCQs, Subjective and Case Studies

### DCCRCDM DETAILS

**Course Code:** DC-201-01

**Level:** Beginner

**Mode of Learning:** Online & Offline

**Examination:** via Assignments

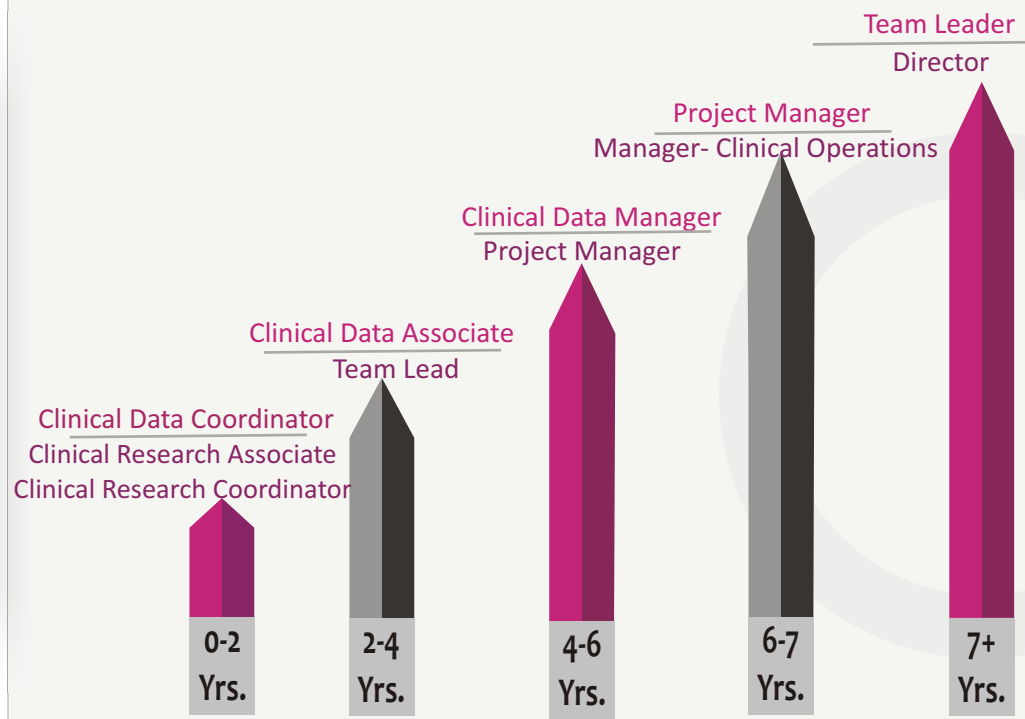

**Fee:**

Indian Participants: Rs. 14,500

Foreign Participants: US\$ 245

**Duration:** 24 weeks (maximum)

### Career Growth in CR and CDM

## How to Enroll

Register . Pay . Study

Select a specialized course of interest & complete the Online Enrollment Form

Step 01 Register Online

Pay the Fee via Secured Online Payment Gateway (offline options are also available)

Step 02 Pay the Fee

Get Instant Access to Online Study Material and Assignment

Step 03 Access Study Material

## Placement Support

Resume Preparation and Editing

Interview Q&A Preparation

Latest Job Broadcast via Blog and e-Newsletters

Resume Broadcast to Industry Experts and relevant consultancies

Networking with Industry Experts and Placement Coordinators

Profile Sharing and References with our connections

Regular guidance via Industry Experts
